

DELTA F18B

18" Folded Horn Sub-Subwoofer!

Product Description

The Delta F18B is a serious powerhouse that transforms low-frequency output—perfect for venues needing deep, impactful bass that carries over long distances. Its folded-horn cabinet isn't just about looks; it projects earth-shaking sub-bass further than typical designs, delivering punch that you can feel.

Despite its size, mobility is thoughtful: the 2 castors and sturdy handles make positioning surprisingly straightforward. Slotting a full-range loudspeaker on top is easy too thanks to the integrated 35 mm pole socket. Rugged plywood construction stands up to travel and heavy use, while the Tough-Tone paint finish handles scuffs with ease. Whether boosting the low end for live performances, DJ sets or public events, the Delta F18B brings reliable, musical, stage-shaking weight that stays focused and professional.
